2.5"

Store in colors !

- Trendy and stylish mini design
- Up to 750GB
- Mobile and convenient
- USB 2.0 High Speed
- Plug & Play
- Self-powered
- Ultra Silent System

The Kiosk LS mini Series allows you easily to store, to transfer and to exchange all kind of datas: videos, music, photos and office documents... Easy to plug, it connects in a few seconds to your computer and is recognized easily.
It's a real solution when your computer has no more enough space for an internal hard drive and to easily exchange all your files. Reliable, and compact, it is so small that you can easily slip it in your pocket. Its compact design offers you an excellent aeration for an optimal reassurance of your datas.
